

---

## Vision Statement:

---

To create a compassionate and inclusive society where every individual, regardless of their circumstances, has access to love, care, happiness and support, and where the youth take an active role in uplifting the lives of the less fortunate.

---

## Mission Statement:

---

Operation Smile is dedicated to mobilizing and empowering the Youth to make a positive impact on the lives of the less fortunate in our society. Through collaborative efforts, fundraising and hands-on volunteering, we aim to provide essential resources, companionship, and organize meaningful visits to various places across the country and the continent by far. Our mission is to spread joy, bring smiles, and provide support, fostering a sense of belonging and hope for those in need. We strive to inspire compassion, empathy, and social responsibility among the youth, fostering a lifelong commitment to making a difference in the lives of others.
